LDC (less developed countries)
The demand for housing characteristics in developing countries 421
Local authority subsidies
Jobs and — 433
Local investment subsidies
Estimating the benefits of job creation from — 163
London
Women in the labour markets of the — region: a model of dependence and constraint 367
Low income families
Urban renovation and the impact upon — in Mexico city 199
Low-income urban housing
— in the third world: broadening the economic perspective 277

Mexico city
Urban renovation and the impact upon low income families in — 199
Monopolistic Competition
Urban land prices and housing distribution: — and the myth of the 'law' of differential rent 461
Mortgage lending
A canonical analysis of — terms: testing for lending discrimination at a commerical bank 13

Old industrial areas
—: a theoretical approach 387

Population-density
A — approach to regional spatial structure 289
Population forecasting
— at the city level: an econometric approach 83
Population growth
Spatio-temporal structure of — in urban regions: the cases of Tel-Aviv and Haifa, Israel 317
Population size
A note on —, industrial diversification, and regional instability 349
Private Rented Sector
The —: a characteristics approach 507
Public housing
The welfare cost of Hong Kong — programme 133
Public housing programs
Benefits and consumption effects of — in Belgium: Some aggregate results 409

Regional economic instability
A note on population size, industrial diversification, — 349
Regional Labour Markets
Growth, decline and structural change: a study of — in Australia 493
Regional spatial structure
A population-density approach to — 289
Relative lot size
— hypothesis: an empirical note 355
Rent Control
The short-run supply of housing services under — 535
Rent gradient
— under uncertainty 257
Residential age
— and housing search: evidence from hedonic residuals 445
Residential location
Industrial land use, externalities, and — 399
Residential location
Predicting intra-urban — preferences: an application of the dynamic generalized linear expenditure system 329
Residential mobility
Graph analysis of metropolitan —: methodology and theoretical implications 179
Return migration
The urban dimension of European —: the case of Bari, southern Italy 219

Structural Change
Growth, decline and —: a study of regional labour markets in Australia 1971–1981 493
Supply of Housing Services
The short-run — under rent control 535
Supply of land
The — 49

Taichung
Urban housing satisfaction in a transitional society: A case study in —, Taiwan 1
Tax abatements
Chasing a dream: the use of — to spur urban economic development 305
Tel-Aviv
Spatio-temporal structure of population growth in urban regions: the cases of — and Haifa, Israel 317
Third world
Low-income urban housing in the —: broadening the economic perspective 277
Transitional society
Urban housing satisfaction in a —: a case study in Taichung, Taiwan 1
Transport
—, land use and energy interaction 481

Urban containment
Demand, segmentation, and timing effects of an — program on urban fringe land values 439
Urban density gradients
Urban form in Canada and the United States: an examination of — 209
Urban economic development
Chasing a dream: the use of tax abatements to spur — 305
Urban form
— in Canada and the United States: an examination of urban density gradients 209
Urban fringe land values
Demand, segmentation, and timing effects of an urban containment program on — 439
Urban Land Prices
— and housing distribution: monopolistic competition and the myth of the 'law' of differential rent 461
Urban Housing Prices
Expectations and — 543
Urban problems
Which areas have the worst — 119
Urban renovation
— and the impact upon low income families in Mexico city 199

Work-residence relations
— for head office employees in an inflating housing market 21
Women in the labour markets
— of the London region: a model of dependence and constraint 367
